

# **COLLEGE ORIENTATION**

and

# **APPRENTICESHIP ORIENTATION**

for

## **FRESHMEN and SOPHOMORES**

The new **School-to-Work Sustainability Grant** for our Consortium includes a proposal to design both college and apprenticeship orientation programs for freshmen and sophomore students. We hope to provide information early enough for students who choose either a college or an apprenticeship tract to complete high school pre-requisites related to their objective.

**Participants:** **Grandview, Granger, Wapato, Mabton, Sunnyside, Toppenish, Mt. Adams**  
We encourage counselors, vocational staff, principals, StW staff, academic and alternative staff, board members, and other adult mentors to attend.

**COLLEGE ORIENTATION** designed by CWU will include information on the following:

- \* **Choosing College Majors**
- \* **Baccalaureate/Graduate Programs offered at Washington Universities**
- \* **College Entrance Requirements**
- \* **Financial Aide Considerations**
- \* **Understanding Course Catalogues**

**APPRENTICESHIP ORIENTATION** will include information on the following:

- \* **Regional Apprenticeships**
- \* **Time/Completion Requirements**
- \* **Women and Disabled Opportunities**
- \* **Application Process**
- \* **Prerequisites/Entrance Requirements**
- \* **State DOL Apprenticeships**

The college and apprenticeship presentations would likely occur on separate dates to be determined by your high school.

### **INDICATE PREFERRED TIMEFRAME:**

#### **College Orientation:**

- March 2000**
- April 2000**
- September 2000**

#### **Apprenticeship Orientation:**

**March 20 – 31, 2000**

- YES**
- NO**
